

	<b>ENERGY EFFICIENCY POLICY</b>	Document Date 05.08.2024  Rev.Date:0
---	---------------------------------	--

WARWYCK HOTEL ANKARA We use our energy to protect our world from possible dangers.  
We use it efficiently and set targets to reduce our energy consumption.

For this;

- To fulfill both our responsibilities towards nature and our legal obligations.  
We follow national and international standards, laws and regulations, including energy reducing our use and/or continuously improving our energy consumption performance  
We voluntarily carry out activities that will ensure this and we monitor the results of our work.
- We set goals and provide training programs to ensure the participation of our employees.  
We place emphasis on energy efficiency.
- Creating common goals and results in energy management with all our stakeholders  
We value cooperation in this regard. Our guests, employees,  
All together with our visitors and all our business partners, we aim to create awareness and consciousness.  
We try to continue our interaction in order to reach the level of
- To research and find energy efficient suitable product, equipment, fittings and technology alternatives,  
we try to buy and use.
- Documenting our Energy Management System and disseminating it to all our departments,  
We aim to update, review and continuously improve when necessary.
- Evaluates energy risks or emergencies that may arise, such as energy shortages, and takes action  
we plan the precautions.
