|  | ENVIRONMENTAL PROTECTION AND WASTE MANAGEMENT POLICY | Document Date 05.08.2024 Rev.Date:0 |
|--|---|--|

WARWYCK HOTEL ANKARA protects the environment, prevents pollution, and reduces our negative impacts on the environment.
by decreasing

We attach importance to its protection.

For this;

- We comply with legal regulations and try to reduce our environmental impact.
- We take care to effectively separate our waste according to its source, groups and hazard classes.
- We know that using hazardous substances and chemicals only when necessary and in the required quantities will reduce both the negative impact on the environment and the amount of waste,
- We contribute to protecting nature by choosing the materials we buy from our hotel that have “recycling” and “environmentally friendly” labels. We try to create reuse opportunities,
- We take care to use disposable materials such as paper, napkins, toilet paper and packaging as much as necessary and leave less waste in nature,
- We store wastes in separate areas according to their characteristics, in a correct manner, deliver them to licensed/authorized companies without exceeding the legal storage time limits, and keep their records.
- We try to use water, energy and all natural resources economically. We share this sensitivity with our employees, guests and suppliers. We try to reduce our carbon footprint.
- We measure our performance in environmental management, monitor this data with targets and try to improve our performance.
- We aim to educate our employees about the environment and increase their awareness.
